Summary

Full Stack Blockchain Developer with experience integrating blockchain into production systems and building decentralized applications on Ethereum. Skilled in Solidity and Web3 tooling, with a strong foundation in backend systems and real-time data synchronization across Web2 and Web3 architectures.

Skills

Web3 & Blockchain: Solidity, Ethers.js, Web3.js, Hardhat, Foundry, Truffle, IPFS, DAML

Frontend: React.js, Next.js, TypeScript, JavaScript, Tailwind CSS

Backend: Node.js, Go, Python, MongoDB, REST APIs, GraphQL, Docker

Experience

Full Stack Blockchain Developer

Gritstone Technologies, Calicut

Feb 2026 – Present

- Architected and developed a blockchain-backed document versioning system using Solidity for secure and verifiable integrity.

Full Stack Blockchain Developer (Freelance)

Laoz Global Assets

June 2025

- Contributed to development and testing of DAML smart contracts for RWA tokenization and asset workflows.

Blockchain Developer Intern

FinSocial Digital Systems

Feb 2025 – May 2025

- Built Solidity smart contracts for DeFi proof-of-concepts including trading logic and AMM components.

Associate Python Developer

Turbolab Technologies, Kochi

July 2023 – Aug 2024

- Improved automation performance, reducing execution time by approximately 80%.

Software Engineer Intern

Turbolab Technologies, Kochi

July 2023 – Dec 2023

- Contributed to internal frontend systems using React and CSS frameworks.

Projects

Decentralized Margin Trading Protocol

- Developed smart contracts supporting leveraged LONG/SHORT positions with multi-collateral support and liquidation mechanisms.

Permissionless Federated Learning

- Designed a decentralized federated learning system with Python-based aggregation, IPFS storage, and Solidity smart contracts for model registry and contributor rewards.

Blockchain Based Medical Records System

- Built an NFT-based system for secure medical record management using Solidity, React, and IPFS.

Certifications

Certified Ethereum Developer

Kerala Blockchain Academy

Certified Blockchain Associate

Kerala Blockchain Academy

Mastering Web3

University of Nicosia

Education

Bachelor of Technology in Computer Science and Engineering

Federal Institute of Science and Technology, Angamaly

2019 – 2023
